Dementia Symposium

University of Sheffield
Tuesday 24th May 2016
10-5pm

Fostering collaboration across White Rose university members for researchers involved in the scientific, social and policy aspects of dementia research.

Providing opportunities for PhD and early career researchers to present their research.

Opportunities for self-reflection and presentation-skills development to conference speakers by offering video and audio recording of talks.

Keynote speaker: **Professor David Brooks**
(Faculty of Medicine, Imperial College London)

Representatives from Join Dementia Research, Alzheimer's Research UK and Alzheimer's Society.

Talks from early career researchers and poster presentations throughout the day.

For further details, please contact the symposium organisers Gaia Brezzo (g.brezzo@sheffield.ac.uk) or Kamar Ameen-Ali (k.ameen-ali@sheffield.ac.uk) from the University of Sheffield.
